

Focused Solutions

You cannot control state funding or essential costs... you can make good choices in response.

Choose a planning process that produces powerful results; create effective communication plans with positive outcomes!

- **Assess** stakeholders to understand community perceptions and to measure success.
- **Identify** a long-term strategic vision with an effective planning process.
- **Empower** your employees to maximize their effectiveness and increase their value.
- **Create** a story of success that produces positive outcomes.
- **Develop** systematic public support for your schools to enhance involvement and shared ownership.
